GRAND
OPENING

Everlasting Decadence

IF ANANTARA SPELLS luxury, comfort and seclusion with a focus on Asian design and aesthetic, there's reason to rejoice for those looking for a permanent piece of the pie. For the popular **Anantara Layan Phuket Resort** has just unveiled the first four of its 15 villa residences (www.residences-anantara.com) that overlook the tropical sanctuary on the city's beach-lined west coast. The fully furnished residences measure approximately 18,300 to 23,680 square feet, and each comes with personal pools and sun decks. The most

stunning feature, though, is the glass skylight on the floor of the infinity pools that shed additional natural light into the rooms below. Fully serviced by the resort, these residences can be freehold, or leased for ownership. And wait till you hear this... residents and guests can charter the resort's 90-foot yacht for day trips or longer cruises to explore the wealth of the Andaman Sea. **Anantara Residences - Anantara Layan Phuket Resort**, +66.854.848.752
